out to second covered outdoor terrace area with a further seating area overlooking the beautifully landscaped garden. The house has been designed to offer and maximise the views on each level out to La Concha which you instantly see and appreciate. Coming off the main living area you then have a further bedroom with ensuite and an informal living area for relaxing, plus a guest washroom. The lower section of the home is situated above ground level, you will then discover two further large bedrooms with ensuites with direct access to the rear garden and an additional terrace area, a large family and entertainment area offering a superb area to relax and enjoy with friends and family, with an adjoining pool table and entertainment area with recessed bar. Also, here you will find a bodega wine lounge. In addition, you also have your laundry and utility area neatly hidden away plus a storage room and technical room for the house, again neatly hidden away.
