This beautiful and well planned 3 bedroom apartment has it all. Just embrace the following: Two bathrooms + one guest toilet, southfacing balcony and an equally southfacing private roof terrace, large kitchen, large lounge, private garage and store room, communal pool and play area. Last but not least - BREATHTAKING PANORAMIC VIEWS! Decently priced too, so this is one of those no brainers. A bonus is that the apartment is sold fully furnished, so you don't need to run off to IKEA, the first thing you do, to get the basics.
