Apartment**

Manilva

189.000€

How about pole position in the urbanisation with unobstructed panoramic views covering the Mediterranean as well as the campo, three terraces, four communal swimmingpools and a private parking space in the garage opposite the apartment? Let's not forget about the extremely low community fees which won't deter anyone. 1 km to the beach so a few triple jumps and you are there. One of the better alternatives in the urb at this point, so waste no time. Secure your finances and contact us for a viewing.
