This beautiful 3-bedroom, 2-bathroom duplex penthouse is located in the heart of Riviera del Sol, Mijas. Offering a comfortable and stylish living space, it's perfect for families, couples, or as an investment. Set in a well-kept complex with lush gardens and two communal pools, this home combines modern living with a relaxed Mediterranean vibe, making it an ideal spot to enjoy the Costa del Sol. Inside, you'll find a bright, open-plan living area filled with natural light. The hallway has plenty of storage. The kitchen is modern and fully equipped with oven, dishwasher, microwave, washing machine, blending seamlessly into the living space that has big windows doors to the very spacious terrace. The three bedrooms are spacious with built in closets. The master bedroom has direct access to the south facing terrace and has an ensuite bathroom. The overall layout of the apartment makes it feel welcoming and comfortable. One of the highlights of this penthouse is the large wraparound terrace with views of the surrounding area and the sea in the distance to enjoy the sun all day. It's perfect for outdoor dining, relaxing or entertaining guests. Residents also have access to two shared pools and a tennis court within the community and an underground parking with two personal parking spaces for added convenience. There is also an extra personal storage room on the garage level. The location is ideal, with shops, restaurants, and golf courses just a short distance away. Málaga Airport is only 30 minutes by car, making travel easy, and the lively town of Marbella is 15 minutes away, offering plenty of options for entertainment and dining.
