Cabopino

1.089.000€

This is a luxury frontline beach property in one of Marbella's most prestigious complexes with great sea views and amazing onsite facilities including four tennis courts, two outdoor swimming pools, one indoor heated pool and a very well equipped gym. What makes this apartment stand out from other apartments in the complex is that it has been modernised to a very high standard with a brand new open plan modern kitchen that has incorporated the washroom. The complex is gated with 24 hour security and the property includes an underground parking space and storeroom.
