ONLY AVAILABLE UNIT We are proud to present a true gem in one of the most sought after and rarely available communities in Mijas: Finca San Antonio. At this moment, this is the only property currently available for sale within the urbanisation, making it a unique opportunity for buyers who have been waiting to secure a home in this highly demanded community. This spacious 2 bedroom, 2 bathroom apartment stands out for its quality, generous layout and mature garden surroundings. The property features a spacious living and dining area with direct access to a large covered terrace overlooking beautiful open sea, mountain and nature views, offering the mediterranean dream. The fully equipped kitchen, fitted wardrobes and spacious bedrooms add comfort throughout, while the master bedroom benefits from an en suite bathroom and terrace access. The property also includes private parking and storage room. Residents enjoy impeccably maintained communal gardens, a large swimming pool and excellent additional facilities including a gym, leisure area and communal spaces that make this urbanisation one of the most desirable places to live in the area. Ideally located between Mijas Pueblo and the coast, with quick access to Fuengirola, Málaga and the airport, Finca San Antonio has become one of the highest demand residential communities thanks to its peaceful atmosphere, privacy and quality lifestyle. Properties in this urbanisation rarely come onto the market and when they do, they sell fast. For agents and buyers alike, this is

exactly the kind of opportunity that creates immediate interest due to the lack of available stock in the community. Whether as a permanent residence, holiday home or high demand investment, this property is expected to attract strong attention very quickly.
