Prime Development Opportunity in the Sought-After Village of Gaucín
Urban Plot of 2,300 m² with Stunning Mountain Views – Ideal for Boutique Hotel, Tourist Complex, or Apartments

This is a unique opportunity to acquire a substantial urban plot on the north-eastern edge of the picturesque village of Gaucín—one of Andalusia's most desirable white villages. With excellent road access and panoramic views of the Sierra Bermeja mountains, this plot is perfectly positioned for a high-end development project.

The total plot spans approximately 2,300 m², with 547 m² classified as urban land, offering ample scope for construction. The remainder of the land is rustic, currently housing several outbuildings and a traditional vegetable garden. The existing structures, once used for agricultural and storage purposes, are in decent condition and could potentially be repurposed.
