Located in one of the most well-established residential areas with the greatest growth potential in East Marbella, this fantastic duplex is situated in Río Real—a privileged enclave prized for its tranquility, proximity to the beach, closeness to the Río Real Golf course, and excellent connectivity to the center of Marbella. The property stands out for its generous proportions, abundance of natural light, and a highly versatile layout. It features four double bedrooms—two with en-suite bathrooms—plus a third bathroom serving the remaining two bedrooms. Two of the bedrooms open onto a covered terrace, currently used as a wine cellar and multi-purpose space, while the other two connect to a beautiful private garden with its own terrace. On the main floor, there is a spacious living room with a fireplace and large windows that maximize natural light, offering direct access to a lovely terrace. This level also includes a separate kitchen with access to a small additional terrace, a full bathroom, and a large entrance hall that could easily be adapted into a home office, reading area, or extra living space. The property is part of a well-maintained residential complex featuring a communal swimming pool, a children's play area, and controlled street access via a security barrier. It offers great convenience, with the added benefit of parking right at your doorstep! Furthermore, the home enjoys easy, direct access to the pool area. Designed by the renowned architect Fernando Hidalgo, the development retains a distinctive architectural character, offering spacious interiors and a design clearly focused on comfortable residential

living. Its location makes it an especially attractive investment, as it sits adjacent to the site earmarked for the future Four Seasons Marbella project—a development that includes urban improvements such as new roads, green spaces, and cultural and sports facilities. This is complemented by the transformation of the former Hotel Incosol into a five-star complex centered on wellness and longevity, further boosting the appreciation potential of the Río Real (Grand Hyatt) area. Spacious, light-filled, and featuring private outdoor space, this property is an ideal choice as a primary residence, a second home, or a long-term investment in one of East Marbella's most promising areas. Make this exclusive duplex your ideal home—a unique property perfect for enjoying an exclusive, light-filled Mediterranean lifestyle in the heart of Río Real!
