Set in the rolling hills of Antequera, with panoramic views stretching to the sea and the dramatic landscape of El Torcal, this is a private estate for those choosing space, perspective and connection in equal measure. Unlike many countryside properties, this home offers both privacy and accessibility. The high-speed AVE station provides direct links to Málaga and Madrid, making it an ideal base for those who move between cities yet prefer land and tranquility as their primary lifestyle. The estate is surrounded by mature, carefully curated Mediterranean gardens — each plant intentionally placed, creating a landscape that feels established and deeply personal. The ecological olive grove produces its own small-batch olive oil, and the owners harvest manzanilla to prepare their own tea — a rare and authentic connection to the land. The residence offers five en-suite bedrooms, generous open living spaces and a separate guest or staff apartment. Large terraces and a heated swimming pool create a natural setting for gathering family and friends. This is a home designed for long visits — children returning from abroad, extended weekends with friends, or quiet seasons working remotely from the countryside. Solar and photovoltaic systems enhance sustainability and reinforce the estate’s near self-sufficiency. And when entertaining feels optional, a hotel restaurant just ?across ?the ?road ?offers ?effortless dining within ?walking ?distance. This is not a typical ?country house. It ?is a ?refined ?Andalusian estate — connected, ?private, ?and ?ready ?for ?its ?next ?chapter.
