Villa Hermosa in La Cerquilla sits on a generous 2,671 m² plot and offers six spacious bedrooms, blending elegant interiors with inviting outdoor spaces. Across from the bedroom wing is a lush vertical wall garden, ensuring every room enjoys a refreshing green view. For added convenience, a private stairway leads from the carport directly to the bedroom level, allowing occupants easy access without passing through the main house. The home's main living area features a stylish curved sofa set around a sleek fireplace, built-in shelving with accent lighting, and large framed artwork that adds warmth and character. A separate formal dining room includes a long wooden table with upholstered chairs, twin chandeliers, and another fireplace, creating a refined setting for entertaining. The modern, well-equipped kitchen showcases taupe cabinetry, dark stone countertops, and an island cooktop. An adjacent dining space opens to the gardens, while a separate lounge with exposed wood beams, a bar, and a stone fireplace connects seamlessly to the terrace and pool area. These interiors combine contemporary finishes with classic details, providing both comfort and functionality. Outside, the villa boasts a large swimming pool with an elevated section and waterfall feature, surrounded by manicured lawns and mature trees for privacy. Multiple seating and dining areas, including a tiled courtyard with a decorative fountain, invite year-round enjoyment of Marbella's climate. Expansive glass walls and terraces create an easy indoor-outdoor flow. Notably, the property offers one of the rare direct entrances to Los

Naranjos Golf, with thoughtfully designed pathways wide enough for a golf buggy. Modern amenities include a zoned air-conditioning and underfloor-heating system that can be individually configured for each room—so one bedroom can be heated while another is cooled. A full home-automation (domotic) system integrates with iPads, iPhones, and other smart devices, and can be managed remotely for effortless control.
